

14:1:14 High Mag Mineral

Product number: 10888

Product Information

- Magnesium to help aid in the prevention of grass tetany
- Delivers 15 g of magnesium per 4 oz. of product consumed
- Economical insurance against costly grass tetany-related deaths
- Contains other essential minerals and vitamins
- Easily interchanged with other related SWEETLIX® supplement products to create a custom nutritional program for your cattle

Feeding Instructions

CAUTION: USE AS DIRECTED. Consumption of selenium should not exceed 3 mg per head per day.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

Feeding Recommendation:

SWEETLIX® 14:1:14 High Mag Mineral is a high magnesium mineral formulated to be self-fed. SWEETLIX® 14:1:14 High Mag Mineral helps your animals attain maximum performance by providing a balanced intake of supplemental minerals and vitamins. All ingredients are selected for high biological availability and stability to deliver optimal nutrition to your livestock. SWEETLIX® 14:1:14 High Mag Mineral should be fed when supplemental magnesium is needed to balance the ration. Four (4) oz. of this product provides 16 g magnesium and 3 mg selenium.

Feed at the rate of 2 to 4 ounces per head per day. Provide one covered feeder for every 20 to 30 animals. Locate each mineral feeder near a clean, fresh source of water. Mineral consumption levels will vary depending upon the mineral status of the animals. Provide fresh, clean water to all animals at all times.
