Lamb Maker™ Roughage Converter Poured

Product number: 60729

Product Information

SWEETLIX Lamb Maker Roughage Converter Tub is designed to promote health and well-being for your sheep through proper nutrition. Added BIOPLEX zinc is easily absorbed and readily metabolized for optimal nutrition.

Lamb Maker Roughage Converter Poured contains **BIO-MOS® 2**

BIOPLEX® and BIO-MOS® are registered trademarks of Alltech

Feeding Instructions

CAUTION: Use as directed. Consumption of selenium should not exceed 0.7 mg per head daily.

Introductory Period: Following a 7 to 10 day acclimation period, average consumption should be 2 to 4 ounces for mature goats with unrestricted forage supplies. Position the blocks 50 to 75 feet from loafing, feeding and watering areas. Some re-positioning of blocks may be necessary as animals become acclimated to the presence of the blocks. Move blocks closer to increase consumption; further away to decrease consumption. If over consumption occurs for more than two weeks and re-positioning of blocks does not correct the situation, remove blocks and evaluate the overall feeding program. **DO NOT ALLOW STARVED ANIMALS FREE ACCESS TO THIS BLOCK.**

Feeding Recommendations:

1. Feed 1 block per 10-20 head. All animals should have equal access to blocks. Timid and smaller animals need their share.
2. Place blocks where animals congregate. Locate blocks throughout the pasture at loafing, grazing, feeding and watering areas. Adequate distance must be maintained between blocks to minimize crowding - 10 feet minimum.
3. Feed blocks continuously along with a plentiful source of forage and clean, fresh water. Animals should not run out of blocks. When a block is two-thirds consumed, provide a new block near it.
4. Sheep should consume 2 to 4 ounces per head daily based on a 150-200 pound animal.
5. Consumption of this supplement may vary depending upon animal body condition, quality and quantity of forages, seasonal weather conditions, and most importantly, feeding locations of blocks with respect to loafing, grazing, feeding and watering areas.
6. Offer no other FREE CHOICE salt or mineral supplement when feeding this product.

Nutrition Information

Crude Protein, Min	16.00%
Crude Fat, Min	5.00%
Crude Fiber, Max	2.00%
Acid Detergent Fiber, Max	3.00%
Calcium, Min	1.60%
Calcium, Max	2.60%
Phosphorus, Min	1.00%
Salt, Min	2.50%
Salt, Max	3.50%
Magnesium, Min	3.00%
Potassium, Min	1.00%
Cobalt, Min	30 ppm

Iodine, Min	60 ppm
Manganese, Min	1,700 ppm
Selenium, Min	6.2 ppm
Zinc, Min	1,700 ppm
Vitamin A, Min	50,000 IU/lb
Vitamin D-3, Min	12,500 IU/lb
