

## TECHNOLOGY FOR IMPROVED HEALTH AND PERFORMANCE

A

Added **BIOPLEX®** organic trace minerals are easily absorbed and readily metabolized by the animals

- Supported by more than 21 years of research
- Provides mineral nutrition in a the same form found in plants
- Easily absorbed, readily metabolized
- Excellent source of essential zinc
- Greater bioavailability than inorganic minerals

A

Added **ACTIGEN®** promotes performance naturally.

A cost effective, safe and traceable technology that helps animals to thrive and reach their genetic potential.

**ACTIGEN® Supports:**

- Gut health
- Efficient nutrient utilization

A

Added **SEL-PLEX®** organic selenium supported by more than 18 years of research.

- The selenium in SEL-PLEX® is in the same form naturally present in plants
- Better absorbed, stored and utilized by the animal than inorganic selenium
- Supports mineral retention and optimizes animal performance
- Helps maintain the body's defense system

# Design a SWEETLIX® Supplement Program that WORKS FOR YOU.

SWEETLIX® Lamb Maker™ supplement products are scientifically designed to deliver 100% of the trace mineral needs of sheep.

A standardized trace mineral package assures producers of consistent nutrition between products. Mix and match the supplements that best meet your animal needs and production goals. Just follow the SWEETLIX® system for year-round results.

## WHAT COULD BE SWEETER?

Regular, consistent consumption is key to a successful supplement program. SWEETLIX® Lamb Maker™ supplement products are highly palatable to deliver balanced nutrition in regular, daily doses. Carefully formulated with a balanced mix of molasses, salt and minerals that sheep naturally crave, SWEETLIX® Lamb Maker™ supplements consistently draw grazing animals back day after day.

## QUALITY YOU CAN COUNT ON

SWEETLIX® ingredients are chosen for maximum utilization by the animal. Careful consideration is made so that animals get full benefit from stated nutritional levels. Supplements are scientifically formulated to help enhance productivity and prevent problems for today's genetically superior sheep.

## DON'T GAMBLE WITH PERFORMANCE

Forages alone can't do the job. Research has proven that animals need supplementation for maximum performance. SWEETLIX® sheep supplements provide essential minerals and vitamins, as well as protein in selected products, to balance variations in forage quality. SWEETLIX® sheep supplements provide insurance against specific nutrient deficiencies.
