

WHEN GREEN FORAGES ARE LACKING

The SWEETLIX® Meat Maker® Protein Pressed Block and SWEETLIX® Meat Maker® Roughage Balancer Tub both provide supplemental protein as well as a complete mineral/vitamin package. Each product form has unique advantages. Pressed Blocks

are ideal for growing kids and lactating does due to the blocks' higher protein content. The 50-lb. Roughage Balancer Tub offers superb weatherability and its high molasses content is ideal for does susceptible to pregnancy toxemia.

TECHNOLOGY FOR IMPROVED HEALTH AND PERFORMANCE

Added **BIOPLEX®** organic trace minerals are easily absorbed and readily metabolized by the animals

- Supported by more than 21 years of research
- Provides mineral nutrition in a the same form found in plants
- Easily absorbed, readily metabolized
- Excellent sources of essential copper, manganese, zinc and cobalt
- Greater bioavailability than inorganic minerals

Added **ACTIGEN®** promotes performance naturally.

A cost effective, safe and traceable technology that helps animals to thrive and reach their genetic potential.

ACTIGEN® Supports:

- Gut health
- Efficient nutrient utilization

SEL-PLEX®, BIOPLEX® and ACTIGEN® are registered trademarks of Alltech®.

WHEN FORAGES ARE GREEN

Self-fed SWEETLIX® Meat Maker® granular mineral provides all the minerals and vitamins goats need for health, rapid growth and productivity, without the added expense of unnecessary protein.

Added **SEL-PLEX®** organic selenium supported by more than 18 years of research.

- The selenium in SEL-PLEX® is in the same form naturally present in plants
- Better absorbed, stored and utilized by the animal than inorganic selenium
- Supports mineral retention and optimizes animal performance
- Helps maintain the body's defense system

FOR COCCIDIOSIS PREVENTION

The SWEETLIX® Meat Maker® 16-8 with Rumensin® contains the same nutritional package as the SWEETLIX® Meat Maker® 16-8 and is available for all classes of goats needing coccidiosis protection.

FOR DAIRY GOATS

SWEETLIX® also offers a supplement designed especially for use in lactating dairy does. SWEETLIX® Magnum-Milk can be self-fed or mixed in the total ration.

* Rumensin® is a registered trademark of Elanco Animal Health
