Feeding Directions

This product has been specifically formulated for rabbits and is not intended for other species. Feed this product as the sole ration to growing rabbits. Always provide plenty of clean fresh drinking water.

NOTE: Food consumption varies depending on temperature conditions, size of rabbit, rate of growth and genetic characteristics.

NOTE: Do not permit intake of supplemental selenium to exceed 0.3 ppm in the total ration.

WARNING: This product, which contains added copper, should not be fed to sheep or any species with a low tolerance to supplemental copper.

For your safety, and that of your animals, always read and follow label directions and caution statements. Visit proheritagefeed.com for more information.

"This product was manufactured in a facility that does not handle or store products containing animal proteins prohibited in ruminant feed as described in 21 CFR section 589.2000 & 2001."

"This feed was produced in a facility certified in the American Feed Industry Association's Safe Feed/Safe Food Certification Program; for details go to: www.safefeedsafefood.org."
